ABOUT ORSTON SHOOTING GROUND

WE ARE ONE OF THE FINEST SHOOTING GROUNDS IN THE UK

Our ever-expanding layouts consist of 20 sporting stands over 53 acres, a game shooting arena that includes 2 High Towers ranging up to 100ft as well as a grouse butt, two Down-the-Line (DTL) layouts, 2 Skeet layouts, ABT Layout & Sport Trap Layout.

We are set within a manicured piece of Nottinghamshire countryside with gravel pathways to guide you around the course and layouts; a welcoming clubhouse to relax in with full catering facilities and a licensed bar.

You will never be disappointed with the vast array of different sporting targets we offer with the sporting targets being changed every week.

We also have a tuition sporting course that is perfect for beginners and where we host most of our groups and party shoot days.

The Ground is available for individual practice with self-timer release clay traps (Promatic Claymate). Tuition is available with any of our friendly and fully qualified coaches, or to advise on try guns and fitting from the Gun Shop. It's also the perfect venue for Corporate events and Stag or Hen parties.

We host local and national competitions and events throughout the year, including Ladies Days and Young Shot's Days.

TRY CLAY SHOOTING

Come and try the exciting sport of clay shooting! If you have never shot before then this is the package and facility for you. We provide everything you need – instructor, shotguns, cartridges, clays, all safety equipment, insurance and that all important fun factor! If you feel in need of moral support spectators are very welcome too.

HOW DOES THE EXPERIENCE WORK?

You'll meet your instructor in the club house; all of our instructors are very experienced and most have shot at County or National level. Despite their formidable sporting and trap achievements, they're very friendly and their main aim is to ensure you feel safe, have fun and most importantly smash clays!

They will equip you with an appropriate gun, this might be a 12 gauge or a 20 gauge shotgun. 20 gauge shotguns are perfect for novice ladies and young shots as they are much lighter guns and also produce far less recoil when coupled with our specially loaded cartridges.

WHAT DOES THE EXPERIENCE INCLUDE?

The experience includes 25 clays and cartridges under professional instruction, a free cap and a whole heap of fun!

WHAT IS RECOIL?

This is a commonly asked question and many people are worried about whether shooting a shotgun will hurt. If you have an appropriately fitting gun and you are standing correctly, it shouldn't. The instructor will make sure that you are comfortable and all areas are correct before they allow you to pull the trigger for the first time to eliminate any discomfort.

DO I NEED A LICENCE?

No you don't need a licence to give clay shooting a go with us. We hold a Section 11(6) from the Police that allows us to provide a safe and professional environment for non licence holders/beginners to shoot under the instruction of our professional instructors.

WHAT HAPPENS NEXT?

You will shoot a variety of different clay pigeon targets under the guidance of your instructor, who will soon have you smashing clays!

SHOOTING LESSONS

SHOOTING LESSONS

PROFESSIONAL COACHING

Whether you are an experienced game shot looking to be on top form for the season; a clay shooter wanting some expert advice on a particular discipline, or a novice learning from scratch our shooting lessons are tailored to your individual needs. Having such a vast array of disciplines here at Orston we also offer discipline specific lessons in whatever layout you wish to be taught on.

All shooting lessons are either with our professional coach Stevan Walton or Daniel Martin the Director of Prescott Sporting Ltd. Both have shot at the highest level competing for team GB and are also highly experienced game shots.

Gun hire, all safety equipment and insurance is provided at no additional cost. Spectators are also more than welcome!

GROUSE BUTT

Nothing compares to the thrill of shooting grouse; it provides sportsmen and women with the ultimate sporting challenge. The grouse is one of the most admired of all sporting quarry and is considered to be the pinnacle of driven shooting.

Our Grouse Butt features a number of different traps which offer huge variations in speed and angles as well as a simulated grouse drive, perfect for getting your eye in before the season.

Lessons include exclusive use of the Grouse Butt and tuition from one of our professional and experienced instructors. Clays and cartridges are charged as used. Clients are welcome to bring their own cartridges if they wish (Max. 28gr, No.6).

HIGH TOWERS

Our High Towers make an excellent and challenging simulated Pheasant or Partridge Drive. It is an ideal way for small groups of experienced guns to practice and enjoy shooting a very realistic drive.

Lessons include exclusive use of the High Towers and tuition from one of our professional and experienced instructors. Clays and cartridges are charged as used. Clients are welcome to bring their own cartridges if they wish (Max. 28gr, No.6).

DRIVEN FLUSH

Simulated drive sessions offer experienced driven game shooters the opportunity to ensure that they are on top form for the season ahead.

Shoot in our game shooting arena using our towers and banks to simulate High Pheasants of 100-120 ft, standard driven Pheasants of 60-70ft and driven Partridge over valleys and hedges, the session is designed to recreate the excitement of a real drive during which will even test the best of game shots!

Booking is essential – please call 01949 851181 or email: info@orston.com

GUN FITTING

WE BELIEVE THAT GUN FIT IS A CRUCIAL FACTOR IF YOU WANT TO GET THE VERY BEST OUT OF YOUR CLAY OR GAME SHOOTING.

Most competent shots can pick a gun off the rack and the general fit will be fairly close to their requirements, but for a small investment and professional advice, it really is a worthwhile investment to take your shooting to the highest level with no compromise.

HOW A GUN FITTING SESSION WORKS

Gun fit is best achieved by using a Try-Gun on the ranges and on our pattern plate. A Try-Gun is fully adjustable for all stock dimensions including comb height, trigger pull distance, cast of the stock and the various lengths – from butt to trigger and palm swell to trigger.

Once the try-gun has been initially fitted you can try the gun for its initial fit. You will mount the try-gun into the shoulder multiple times, so any poor fitting components can be noted and adjusted. We will then look directly down the barrels to check the cast and comb height. Once the adjustments appear to suit, the gun can then be tried out on the pattern plate.

Once all finer adjustments have been made and they have been proven on the pattern plate we will then move you to a stand to shoot a variety of clays.

Once satisfied all adjustments are recorded as measurements, these are then given to the gunsmith to create a new made-to-measure gun or, if you are buying a second hand or off the shelf gun, to alter the cast, stock length, trigger or comb to suit. Once a new or adjusted gun is returned from the gunsmith it is important to try it out again – on the pattern plate and also over various targets, to familiarise yourself with how the gun feels and shoots.

Should you be interested in investing in a new gun or a part exchange Prescott Sporting is proud to offer a unique opportunity to visit the Perazzi factory in Italy or Blaser factory in Germany, and have your own bespoke gun made-to-measure. Both manufacturers have an open plan factory where it is possible to watch almost every stage of gun assembly, from the production of the stock to the impressive engravers. The tour includes the opportunity to hand pick your woodwork and have your gun fitted. This offer is available exclusively to clients who place a Perazzi or Blaser order with us with a deposit.

If you are after an alternative manufacturers gun we can discuss what options you have in order to get the best possible fitting gun for you. This is the case for both new or second hand guns.

PRACTICE ROUNDS

COME AND SHOOT AT OUR AWARD WINNING SHOOTING GROUND!

Licence holders are welcome to guide themselves around our sporting layout of 13 Sporting stands which are on the Promatic Claymate System allowing solo use if required. We also boast 2 English skeet layouts, 2 DTL layouts and a Sport Trap layout which are scored rounds with trappers. We have an ABT layout on an acoustic release system which is run off a clay mate card.

We also have a game shooting arena which includes a 100ft High Tower and a smaller 60ft tower for game shots looking to perfect their technique on driven pheasant or partridge style targets. This includes a purpose built Grouse Butt which is fed by a Promatic Huntsman trailer providing the ultimate in simulated grouse practice.

Our ground also offers seven tuition-style sporting stands all fed by two targets that are on the softer side which can be shot under instruction.

Practice is available to all license holders; members and non members.

Every Sunday we host a competition, usually over 13 sporting stands. Practice rounds can be shot on a Sunday on the sporting in addition to the competitive entries, however entries close at 2pm on the sporting. A pool shoot runs every Sunday on a 25 bird layout.

Skeet, DTL and ABT are open for practice throughout the day until 3pm with a 25 bird open competition held on skeet and DTL every Sunday with shoot offs happening around 3.30pm.

See our website for further information. At any one time about 100 traps are in operation.

Our cafe provides quality hot and cold food and refreshments in warm comfortable surroundings within our modern clubhouse including a fully licensed bar.

PRACTICE EVEN IF YOU'RE ON YOUR OWN

Our Promatic Claymate release system means that practice is easy even if you are on your own. Simply place your card on the Promatic automated system on the stand you wish to shoot, select solo practice and the target is released on a delay. When you have finished, return to the clubhouse, present your card and pay for the clays you have shot.

COMPETITIONS

COMPETITIONS

HERE AT ORSTON SHOOTING GROUND WE RUN REGULAR CPSA REGISTERED COMPETITIONS FOR ENGLISH SPORTING, SPORTRAP, DTL & FITASC THROUGHOUT THE YEAR.

All our competitions are run under CPSA rules and guidelines. Daniel personally sets all practice and competition targets. All stands and targets are set to not only challenge the professional shots but are at the same time fun and enjoyable to shoot whatever your level of experience or standard.

Dan keeps the ethos of the “sporting bird” in mind whilst utilising the terrain over our expansive grounds to its greatest potential.

All Skeet & Trap layouts are set and checked on a daily basis and adjusted within reason in extreme weather conditions in accordance with CPSA guidelines.

For the elderly or those not so good on ones feet, we can provide a Golf Buggy for transporting yourself and kit around the sporting stands. These are charged by the hour and can be pre booked.

Please get in touch if you would like to reserve one for your next event.

On CPSA registered sporting shoots we provide scorers on each stand. ‘We squad our Sport Trap, DTL & FITASC Registered Shoots and pre booking for this is essential.

Our cafe provides quality hot and cold food and refreshments in warm comfortable surroundings within our modern clubhouse.

AIR RIFLE RANGE

AIR RIFLE RANGE

OUR AIR RIFLE RANGE IS AN ALL WEATHER UNDER COVER FACILITY THAT CAN BE ENJOYED ALL YEAR ROUND.

Knock down field targets are presented from 20yds to 50yds to suit all abilities.

There are TEN shooting positions available at any one time.

We also offer air rifle hire to over 18s at extra cost and can provide tuition for beginners which needs to be pre-booked.

Anyone luckily enough to be under the age of 18 years must be accompanied by an adult.

Our club house & gun shop also stocks a large range of pellets and targets if required along with hot food and refreshments served all day just a 2 minute walk from the range.

We also stock a selection of new and used air rifles.
